LIBRARY REPORT

Number of books in the library	8,794
Number of books added by purchase and gift	275
Number of books discarded	109
Number of books lost	8
Number of books and magazines loaned	9,981
Number of cards issued	34
Number of visitors	44

The records show that the circulation of books this year was less than in 1944, there were more days when the library was closed. January, February, July and August the circulation was smaller than usual but the remaining months showed an increased circulation over previous years. In some departments the books are crowded but the elimination of worn and out-moded ones relieve the situation.

We regret the loss of eight books; books are valuable and expensive. Their loss in every instance was due to carelessness.

Books and magazines have been presented by Mr. and Mrs. Franklin Haseltine, Mrs. Jessie Howard, Standard Oil Co., Pan-American Coffee Bureau, Miss Elizabeth Stowell, Miss Ann Calnan, Francis Bean and J. N. Logan.

The library is open Wednesday and Saturday from two until five, and from seven until nine P. M.

All books and magazines may be kept three weeks. There is no limit to the number one may take if properly cared for and returned on time.

MARGUERITE M. HENDERSON,
Librarian.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Merrimack, New Hampshire
February 18, 1946

To the School Board and Citizens of the Town of Merrimack:

I herewith submit my fifth annual report as Superintendent of Schools.

The crowded conditions reported last year remain about the same. Merrimack Village is still over crowded in the first four grades. We are able to accommodate the upper grades without difficulty this year. There are seven of the lower grade children transported to Reed's Ferry. Thanks to the cooperation of the parents this plan is working very well. It is not the best possible but it adds greatly to the efficiency of the school system. Thornton's Ferry is still crowded in the lower grades. The upper grades enrollment is much smaller. We may have to shift the rooms to accommodate the lower grades. This will not be expensive nor difficult.

A study of the enrollment tables on another page of this report will show the problems that confront us. Anything over thirty pupils in a four grade room makes a difficult situation for the teacher to handle and get the best results.

The teacher shortage is still with us. Just how long we can keep our present source of supply is becoming more and more a serious question. We may have to draft some of our substitute teachers who live in Merrimack and who have done very good work. We appreciate their willingness to help in time of trouble. We were unable to secure a Home Economics teacher for McGaw. Thus far this year we have had a partially qualified substitute who is keeping on until we can secure a fully qualified teacher. Mr. Lawrence Cornwall was replaced by Mr. Charles Warner. The enrollment table shows the largest enrollment in recent years.

South Merrimack still presents a very difficult problem. Neither of the two buildings in that area are adequate for school purposes. We were able to close the Number 5 school at Reed's Pond this year. It is very difficult at the

present time to get teachers to handle all eight grades in one school. The school at Number 12 in South Merrimack village is over crowded. The present prospect of opening the Number 5 school again seems very impractical and would not in any way solve the problem. Last year I recommended that a committee be appointed to study the South Merrimack situation and make recommendations to the School District. The necessity for that study is even greater this year than last. It seems as if something should be done to bring that section of the town into line with other parts of the town. The day is not too far distant when this will be a must on the program. We certainly cannot go on much longer under present conditions.

Our transportation system will have to be reorganized within another year or two. The district may have to consider purchasing adequate buses to run our transportation routes.

In closing, I would like to thank the School Board, teachers and many interested citizens who have contributed to the good work of our schools.

Respectfully submitted,

GAIUS H. BARRETT,
Superintendent of Schools.

REPORT OF THE HEADMASTER OF McGAW INSTITUTE

McGaw Normal Institute officially opened on September 6th, with an enrollment of fifty-one. Although we have lost some of these students, enough more have become enrolled to retain the original number. Among the student body are two of our returned veterans, Russell Dupell and Eugene Haight who have come back to complete their High School education, with graduation this June.

Of last year's Senior Class, Charles Cathgart is enrolled in the first year at U. N. H.; Armem Mirakian is still in the Navy; Nellie Murphy is at home; and Allan Nute is enrolled as a Freshman at St. Anselm's.

This year we are fortunate in being able to carry on the work in basketball started by Mr. Cornwell. We wish at this time to thank the townspeople for their support of our basketball program. We feel that we have put to good use your generosity in providing the hall for our young people to enjoy this sport.

Through basketball, we have enlarged our school's acquaintance and repute. We have also strived to instill good sportsmanship as the first criterion by which our success was to be judged. In this we feel certain that we have succeeded. We have won but few games. This, however, is not surprising since this is our first year against high school competition. We know, too, that defeats as well as victories are training for future success in life.

Four of McGaw's students, chosen by competition from the Junior and Senior Classes, have submitted essays in a National contest entitled, "A Food Plank for Peace." These students are Gloria Cogger, Phyllis Hujsak, Richard Moore, and Eleanor Richards.

Phyllis Hujsak and Eleanor Richards, selected by the Senior Class to represent McGaw, are to partake in National Scholarship Competitive Examinations on February 15th.

The Senior Class has taken both the Otis Higher A Intelligence Tests and the Iowa Achievement Tests for English, preparatory to graduation. These tests are required

by the State Department of Education. Mr. Russell Leavitt, the State High School Agent, has paid us his yearly visit.

Our school attendance problem remains our main objective this year. At best our children get 180 days of schooling. Regular attendance and prompt arrival at school will allow us to keep up with our schedule which permits us to complete courses necessary for state approval.

It is my distinct privilege to act as Headmaster of McGaw and carry on the tradition which allows McGaw to be the training ground for our future citizens of Merrimack, New Hampshire, and the world.

Respectfully submitted,

CHARLES L. WARNER,
Headmaster.
